

Charleston S. C. Feb: 10, 1865.

Dr. C. Hollock is one of our oldest
(I believe the oldest) resident physi-
cian - having been in practice here
for about fifteen years. His
practice is quite large, embrac-
ing not only the Town but the
Country around into the ad-
joining District and sometimes
into North Carolina. We have but
three practicing physicians here and
I believe, but four in the District -
John A. Inglis
