

The State of South Carolina  
Fairfield District }  
To Hon. A. G. Magrath, Governor of the State  
of South Carolina

We citizens of Fairfield District and patrons  
of Doctor Henry F. Gibbons respectfully ask  
of your Excellency to exempt him, the  
said Doctor, from military service under  
the present call for the militia.  
Doctor Gibbons has been practicing in our  
neighborhood with great industry and  
success for about fourteen years last  
past. The scope of his practice is large  
indeed much more so than is common  
with Country physicians. In several  
directions he is sent for a distance  
of more than 15 miles, and many  
of us in cases of sickness would be  
compelled to send that far for a  
physician were he sent into service.  
We really do believe that the public in-  
terest requires the detail of Dr. Gibbons,  
and we therefore most respectfully and  
earnestly make this application.

I am well acquainted with Dr. Cabarrus &  
many of the signers of this application  
and believe the same entitled to considera-  
tion and recommend the same

J. B. McCants M. H. K.
